Prayer for all who Minister in the Church

O God, our Creator, bless all of our parishes, institutions and families. In baptism you gave us new life and call us to a life of loving service. Help us to listen to your voice and give us the courage to respond with open hearts. Bless those who serve the Church as priests, sisters, brothers, deacons and lay ministers. May all your people strive to be instruments of peace, bringing the Good News to every corner of our world.

RCIA

(Rite of Christian Initiation of Adults)

Are you 16 years of age or older and interested in becoming a member of the Catholic faith, or wish to complete your sacraments of initiation? In late September and early October our Parish will once again begin our RCIA Faith Formation.

The Rite of Christian Initiation of Adults is celebrated throughout the year. Adults who wish to be baptized or received as full members of the Roman Catholic Church are invited to meet weekly with parishioners and members of the pastoral staff to explore the Catholic Christian faith. The Sacraments of Initiation are celebrated at Easter although the RCIA may last for several years.

For more information on this program or to register, we ask that you obtain an information pamphlet located in the information shelves at the entrances of the church.

Development and Peace Raises Close to \$20 Million For Haiti— Launches First Phase of Reconstruction Program

The organization, which specializes in sustainable development and long-term reconstruction, forecasts being in Haiti over the next five years to support grassroots organizations as they rebuild their communities. The organization has already disbursed \$2.5 million for emergency aid, such as the distribution of blankets, food kits, tents, water containers and the construction of latrines. As part of the Vatican's Caritas Internationalis network, D& P participated in a large emergency operation led by Caritas Haiti and Catholic Relief Services that reached an estimated 200,000 people in and around Port-au-Prince. Part of this sum has also gone towards addressing new issues that are beginning to arise in the aftermath of the quake, such as the threat of food insecurity. Funding was provided for the distribution of seeds to ensure that crops are planted and to help re-launch agricultural production. Other activities include security patrols in camps to help protect women and children, community radio programs to pass on vital information to the population and the integration of displaced children into schools. Part of the funding has gone towards helping these organizations to get back on their feet as many were not even left with the walls of their offices. The organization has also just committed \$6 million towards a post-emergency program that marks the first phase of its reconstruction initiative. The focus of this program will be on food security, the re-launch of economic activities and initial efforts to rebuild houses. It will be carried out by over a dozen local organizations, which Development and Peace has identified as key stakeholders in their communities and who can best reach the most vulnerable. These partners include peasant associations, women's associations, community radio stations, religious communities, youth groups and human rights organizations.
