*Please Note:

1. It is better to choose one area of ministry and be committed than several ministries and not be able to fulfill your commitment. Please be realistic about your choices. There will be opportunities to try other ministries later on if you feel you are able to do more.

2. Some ministries have specific requirements and certain qualifications that must be met, especially liturgical ministries. In cases where people may be impeded from exercising a particular ministry, we will endeavor to assist you to find an alternative area of ministry.

3. All volunteers must participate in a volunteer screening process. This is mandated by the Diocese of Hamilton. Some ministries involving vulnerable persons require a higher level of screening than other ministries. All volunteers will be contacted by our screening committee.

Thank you for your willingness to volunteer in our Parish Community!
